Lunch Provided --- Q&A Session & Networking Opportunity

Join via Zoom  Meeting ID: 942 5772 9124 Passcode: 052206

Ankur Dayal, MS, MBA

Senior Licensing Manager, TAMU Innovation Partners, Texas A&M University

Ankur Dayal currently serves as a Senior Licensing Manager for Texas A&M Innovation Partners. He brings with him 15+ years of experience in managing industrial partnerships and IP/ patent matters at Rice University, University of Houston, and University of Kansas. Over the years, he has enjoyed working with faculty on bringing their projects from lab to market and building long-term industry partnerships.

Ankur holds an MS in Mechanical Engineering degree from the University of Kansas and an MBA from Rice University. His invention commercialization journey started at the University of Kansas Biomechanical Engineering Lab of Dr. Friis, where his research was commercialized with an STTR grant. With the experience of co-founding a university start-up at Rice, he also understands the business needs to be able to serve the faculty at TAMU in tuning their inventions to market requirements.

Ankur Dayal
